Padres Experience | Best Seats in the House

Best Seats in the House

The best seats in the house for one Padres game (TBD) for the 2023 season for you and a guest! Section Zero, Row one, seats one and two in the sold-out Blue Shield Home Plate Club. The only person closer to the action than you will be is the umpire!

A truly VIP experience that includes:

1. Valet parking at the stadium
2. Dinner and drinks in the private restaurant as you watch Padres players take pre-game batting practice in the Tony Gwynn batting cage
3. Access to the downstairs restaurant in the newly renovated for 2023 exclusive Home Plate Club lounge for more food, drinks and dessert.

Once you get to your seats, the Padres waitstaff will make sure you have whatever you want to eat or drink without having to leave your seats. The only thing you'll have to worry about is your friends and family watching the game from home texting you about how much or how often they see you eating, because in these seats, you'll be on television during every pitch! This is a rare opportunity to sit in these seats as they are never offered for sale.

Tickets, parking, food, and drinks in the Home Plate Club are all included. This is the best Padres team we've ever had at Petco Park, and this is your opportunity to see them play in a way every Padres fan dreams of doing!
